4.3.1: Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection *Describe IT facilities including Wi-Fi with date and nature of updation, available internet bandwidth*

S. B. Khade Mahavidyalaya relies substantially on its IT resources and network for teaching, learning, research, and administration. The IT policy of the college has clearly defined the rules and regulations for utilising the IT infrastructure and resources offered by the college to its stakeholders. The college insists on all stakeholders to comply with the regulations governing the use of Information and communication technology within the campus. Although the day to day IT related issues are resolved by the Web Administrator, in consultation with the principal, and Vice Principals, the IT Cell of the college is responsible for taking major policy decisions and changes in the use of IT resources in the college. IT related grievances are also addressed by the IT cell when such cases are recommended to the cell by the grievance redressal committee of the college. The IT resources provided by the institution, including internet connectivity, official email accounts, computer systems for staff and students, are meant only for official and educational uses. Therefore, staff and students are not expected to utilise the resources for personal work. The broad aims of the IT policy of the college include: a) defining the composition and functions of the S. B. Khade Mahavidyalaya IT Cell b) promoting fair and ethical use of the IT resources and facilities provided by the college, c) managing the official website of the college, d) administering the ERP system, e) managing the official social media pages of the college, f) managing IT / Software Licencing, g) maintaining the hardware and software, h) ensuring cybersecurity, i) regulating the use of Wi-Fi connectivity within the campus, k) planning and executing data back-up and recovery, l) maintaining and controlling official email accounts and storage in the college domain, and m) defining the protocol for dealing with security breaches.

The college has been using the services of a Firewall mainly to restrict websites that are not permitted to be accessed using the network provided by the college, and block malicious software from infecting the network or the PCs in the college. Besides, the firewall prevents unauthorised use of the college network. All the users of the college network are required to sign in to the network using their departmental username and password. The firewall also enables the college to assess the usage of the system by each department.

Sub.:   Vidyasagar is the perfect IT solution for Ultramodern Educational Administration.

Respected Sir,

We are in the software development business since 1994. We develop software and mobile apps for educational and government organizations. Our clients include the govt. of Maharashtra, Shivaji University, and other colleges.

Our company builds software systems for customers who value Quality, Service, Time, and Commitment.

Vidyasagar is the most popular library software in this area.

We have launched a special offer for a very limited period:

SPECIAL OFFER: 75% OFF
VIDYASAGAR LMS Premium version
@ Rs.12500/- including GST

Vidyasagar Library Management System Key Features –

Cataloging	Circulation	Stock checking	OPAC	Excel Data import
Accession Register	Title lists	Circulation reports	Statistical reports	Footfall reports
Periodicals	Newspapers	e-Media	Library attendance	Reading hall attendance
Barcode printing	Charts & Graphs	Mobile app	Multi-User with OTP	All college search

- Old accession data from other software can be imported to Vidyasagar LMS.
- Vidyasagar LMS is the most popular library management system in South Maharashtra.

Why Vidyasagar LMS is different from others?

- It is loaded with all useful features for day-to-day work of any college library.
- All reports required for NAAC/AICTE/NBA accreditation are included.
- It is a Cloud based software. No need to keep your expensive server.
- Your valuable data is safe on our international standard cloud server.
- ONLINE software assures 24x7 availability of data on your PC/mobile.
- It can be used from any internet connected PC and mobile.
- OPAC: Search all libraries connected to Vidyasagar LMS.
- User friendly.
- **So, many colleges stopped using other software and started using 'VIDYASAGAR LMS'.**

'Vidyasagar LMS' will be maximum useful to your college. Please feel free to call for details.

Looking forward to a long-term association.

Sincerely,

Vishwajit H Desai

VIDYASAGAR LMS
– MOST POPULAR LIBRARY MANAGEMENT SYSTEM IN SOUTH MAHARASHTRA –

Introduction -
- Vidyasagar LMS is Online library management software specially designed for educational institutes.
- All useful features for the day-to-day work of any college/school library are available.
- All reports required for NAAC/AICTE/NBA accreditation are included.
- **Many colleges stopped using other software and switched to Vidyasagar LMS.**
- More than 78 colleges are using Vidyasagar LMS.

Modules -
- ▸ Acquisition ▸ Cataloging (books, journals, periodicals, e-media, newspapers) ▸ DDC classification
- ▸ Digital library ▸ Circulation ▸ User management with different roles ▸ Fine management ▸ Book bank
- ▸ Reporting
- ▸ Stock checking ▸ Departmental libraries ▸ Barcode printing and reading

Salient Features -
- **User-friendly** - This is the main feature of Vidyasagar LMS.
- UNICODE-based Data entry in any language/script is possible.
- Decimal classification system (DDC) is used. Also compatible with other systems.
- Set your own library rules for circulation.

Useful Reports -
- All reports useful for librarians, Principals, College offices and readers are available.
- Accession Register, Purchase register, Circulation reports, Member list, Library Usage, Dues, Stock checking, etc.
- Special Statistical and Analytical Reports are required for **NAAC/AICTE/NBA** accreditation.

Barcode reading/printing -
- Barcode label for each book and member card. Save typing efforts and time.
- Offline barcode printing software is available.

Library attendance -
- Smart card-based library attendance system. Useful for NAAC.

Reading hall attendance -
- Smart card-based reading hall (study room) attendance system. Useful for NAAC.

Internet lab usage -
- Member-wise record keeping of internet-connected PC use.

OPAC and Web OPAC -
- **10 Easy Search ways** - Accession number, Title, Author, Publisher, Call number, Department, Subject, etc.
- Online Demand can be placed for issued books.
- Search more than 20 lakh books available in all colleges.

Convert old data to Vidyasagar LMS-
- Accession data from existing old software can be imported to Vidyasagar LMS.
- No need to feed data again. It is a value-added service.
Digital Library -
- Study notes, Sample question paper sets, Articles, News and events, etc.
- Any member from any college can download freely.
- Digital library usage reports with download count analysis.
- **Very useful for NAAC**

Special Android app available for OPAC -
- VidyaSagar mobile app is available for students and employees.
- Search any library using this app.

Demo Videos -
- Topic wise demo videos are useful to learn and practice
