Report of Internal Evaluation & Outcome Records, 2021-2022

There is a well planned Mechanism in place regarding the continuous internal evaluation system. In the beginning of the academic year, we prepare the academic calendar of the institution. There, we very clearly mention the time bound procedure and conduction of the activities to be taken for effective implementation of continuous internal evaluation system. A time table for the examination is prepared and communicated to the students in each class orally as well as by issuing a general notice for conducting the exams. We provide printed answer sheets to the students. For B.A. and B. Com. part- I, we gave two Home Assignments in each semester. For B. A. and B. Com part II and III we give assignments and Unit Test for each semester. The result of the internal evaluation is communicated to students. If there is any grievances related to outcomes, it is rectified after receiving a written request. The record of the outcomes is kept in the office of internal evaluation committee.

Report of Internal Evaluation & Outcome Records, 2020-21

There is a well planned Mechanism in place regarding the continuous internal evaluation system. In the beginning of the academic year, we prepare the academic calendar of the institution. There, we very clearly mention the time bound procedure and conduction of the activities to be taken for effective implementation of continuous internal evaluation system. A time table for the examination is prepared and communicated to the students in each class orally as well as by issuing a general notice for conducting the exams. We provide printed answer sheets to the students. For B.A. and B. Com. part- I, we gave two Home Assignments in each semester. For B. A. and B. Com part II and III we give assignments and Unit Test for each semester. The result of the internal evaluation is communicated to students. If there is any grievances related to outcomes, it is rectified after receiving a written request. The record of the outcomes is kept in the office of internal evaluation committee.

The response was elicited on four Points Scale stating with D to A. The responses were analyzed and forever that Scale 'A' got 53.58%, Scale 'B' got 38.21%, Scale 'C' 4.42% and Scale 'D' zero. Total rating comes to 96.20% out of Scale A & D. The average/mean of the mean is 32.06%. The questionnaire format is enclosed herewith.

The survey questions include the parameters such as physical facilities, syllabus, redressal of grievances, ICC, course outcomes, exam, extracurricular and co-curricular activities, sports and cultural activities. ***Mechanism for identifying slow and advanced learners ***

In order to find out slow and advanced learners we conducted department-wise tests. There we sorted out the students into two categories-slow and advanced learners.

The students who scored less than 35 marks were put in the slow learners category and those acquired highest marks i. e. above 75% were put in the advanced learners category.

Then for slow learners extra coaching class, reading sessions, home assignments, are taken to improve their learning capacity. For the advanced learners extra-curricular readings field visits project writing were given with a view to give them advanced knowledge.

At the end of the year , the slow learners were gradually improved their capacity whereas advanced learners went ahead of their capacity,
